

## **Curriculum & Instruction BP 04-08**

### **Board Policy: JROTC Credit Policy**

For the school year 2008-09, JROTC credit may be accepted for PE only with the express permission of the school administrator. It is understood that the GCC preference and standard for Physical Education credit should be the completion of a compliant PE course. Realizing that circumstances exist that may preclude students successfully completing such work, the administrator is authorized to accept JROTC as in lieu credit for Physical Education.
